

CBRN-UK

The UK industry's CBRN defence, security and resilience
special interest group

Chris Abbott
Chairman CBRN-UK

ADS and RISC

- **ADS (Aerospace, Defence and Security)**
 - The national industry association for the defence, security and resilience sector
 - Works proactively with both suppliers and HMG
- **RISC (Resilience Industry Suppliers Council)**
 - Brings together trade associations and Academic RISC.
 - Enables HMG to reach and engage with over 6000 suppliers and academic partners
 - CBRN-UK plays a proactive role in RISC

CBRN-UK

- Vision: To provide a one-stop point of contact into the UK CBRN industry
- Activities:
 - Provides a gateway to CBRN opportunities
 - Influences and impacts UK CBRN policy
 - Hosts members of Government and other stakeholders
 - Access to a broad range of marketing activities
 - A forum to discuss CBRN opportunities and issues of mutual interest

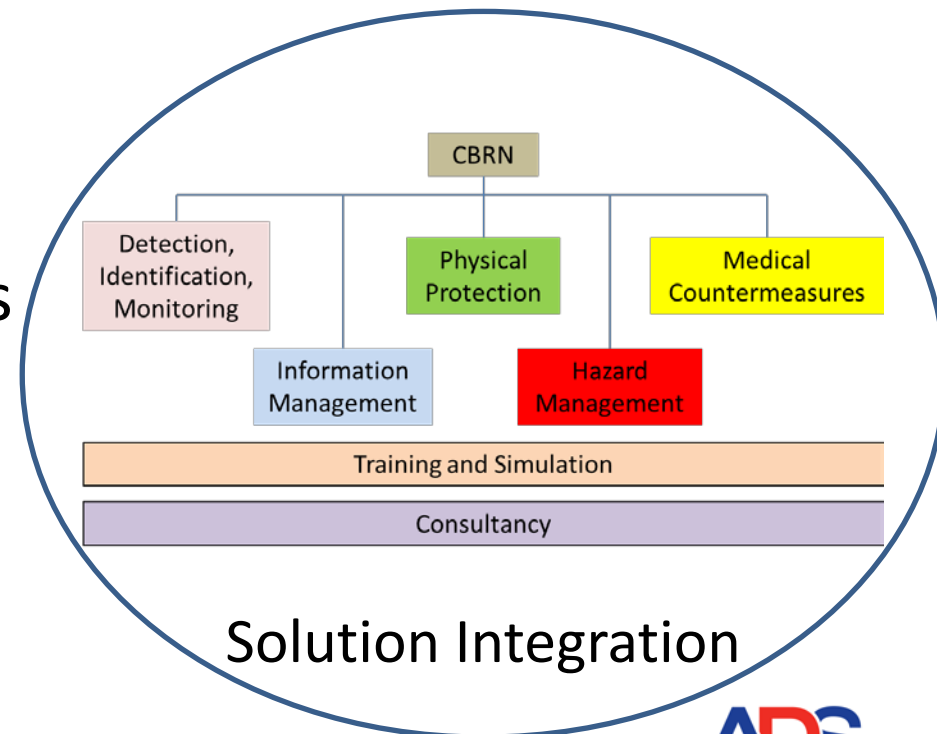

Members

- Collectively enable the protection, mitigation and neutralisation of:
 - The use or threatened use of a CBRN weapon or device by state or non-state actors;
 - Hazards arising from deliberate damage to CBRN related facilities; or
 - The accidental release into the environment or the deliberate misuse of a CBRN industrial material
- Over 50 organisations
- Represent the full spectrum of suppliers
- World-class capabilities in all aspects of CBRN.

CBRN Capabilities

The capabilities offered by CBRN-UK members include:

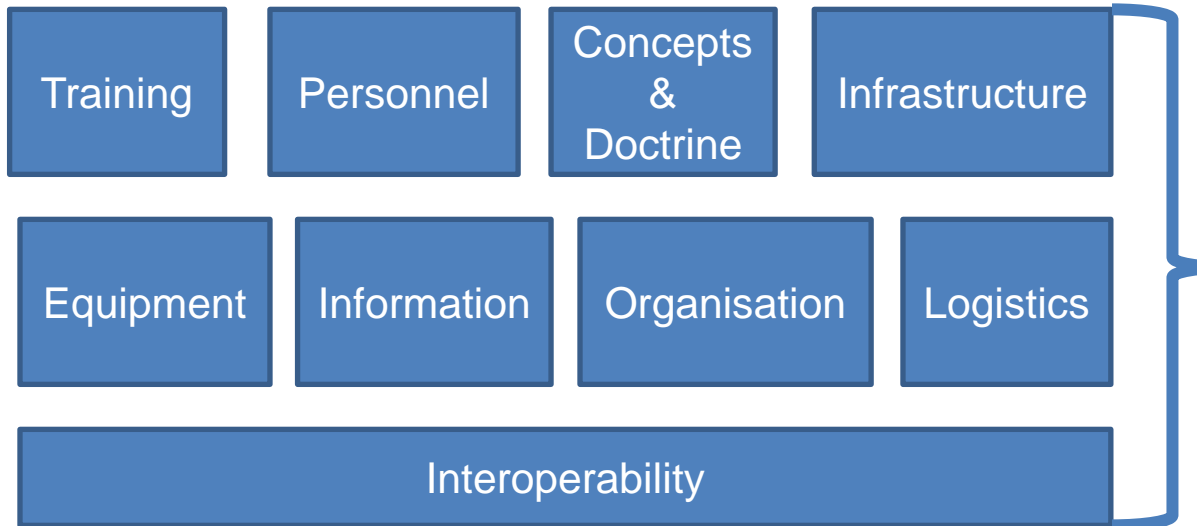

- Detection, Identification and Monitoring
- Information Management
- Physical Protection
- Hazard Management
- Medical Countermeasures
- Training and Simulation
- Consultancy

Delivering Capability

The Lines of Development provide a mechanism for co-ordinating the parallel development of different aspects of capability that need to be brought together to create a real capability.

CBRN Capability
